### TRACK COVERAGE

Information and Communication Technologies (ICT) are playing increasingly transformative roles in Government. Through e-Government portals and associated initiatives, citizen-centric services are now more accessible. The ICT in Government track invites papers covering a wide array of topics in these areas including but not limited to: Design, Assessment, Review and Management of ICT; ICT Strategic and Policy issues; and emerging roles and potential impact of ICT on Government.

### RECOMMENDED TOPICS

This track encourages the submission of research papers, research-in-progress papers, teaching cases, and panel proposals in the following ICT application domains (but not limited to):

- Emerging ICT in government at the federal, state and municipal levels
- Social media use and impact for government organizations
- Security and privacy protection in e-government systems
- Cloud-based e-government systems
- Disaster recovery and ICT governance
- Meta-analyses of ICT literature on government
- Citizen participation and responsive engagement

# 2015 International Conference on Information Resources Management

- Impact of ICT on transparency and equity
- Election and voting
- Delivery of governmental services
- Transformation of government organizations
- Electronic records and legacy paper records
- Policy making and management through IT
- ICT issues in developing countries

## Submission Types and Guidelines

### Full Length Submissions

Submissions must be no more than 12 pages, including references, appendices and title page. All submissions must follow the submission template specifications. Submissions must be original, and previously unpublished, conceptual or empirical research manuscripts. Papers that are highly rated by the reviewers will be considered for publications in selected journals. The paper that best represents, in terms of quality and suitability, the theme and ideals of the conference will be awarded the "Best Paper Award" during the conference.

### Research-in-Progress Submissions

Submissions of no more than 7 pages. All research-in-progress submissions will be published in the proceedings as short papers.

### Teaching Cases

We welcome submissions of teaching cases. The cases should be based on real situations and targeted at specific learning objectives. Cases should be no more than 12 pages and must be accompanied by instructor teaching notes (not included in the 12 pages). The teaching notes will not be published.

### Panel and Tutorial Submissions

Submissions of not more than 3 pages: Proposals should include objectives, topics to be covered and full details of all presenters. Method of presentation is at the submitter's discretion; however, the submitter has the responsibility for providing his/her own panel members. All accepted proposals will appear in the conference proceedings.

### Important Announcements

- The number of submissions by an author (including joint authorship) is strictly limited to a maximum of two.
- Authors of accepted papers (at least one person per submission) and all panel members and tutorial presenters MUST register AND attend the conference.
- Submissions of ALL TYPES must be received by the above deadlines.
- While the primary language of the conferences is English, papers in French will also be accepted. The ICT in Latin America and the Caribbean track will accept papers in Portuguese and Spanish, as well as English.
- Accepted papers will be published in the conference proceedings in their entirety upon payment of registration fees. Papers accepted and presented at the conference will also be placed in the AIS e-Library. Papers not presented at the conference, for any reason, will not be included in the AIS e-Library.
